Gumdrop

Always-On Laptop Case

The Gumdrop Always-On Laptop case provides convenient everyday protection without requiring users to remove the device from the case. The streamlined fabric construction supports classroom learning, hybrid work, commuting, shared-device programs, and daily storage, while an adaptable retention system helps keep compatible devices securely in place.

Key Features

- Always-on work-in design stays attached during device use.
- Screen clips and coated keyboard straps help secure 11" - 13" compatible devices.
- Raised case edges help provide shock absorption during daily handling.
- Ventilation bumpers help disperse heat away from the device.
- Dual zippers provide charging-cable access while the case is closed.
- Reinforced handle, front pocket, and ID slot support daily carry and organization.

UNIT PART: 13U001

Width	13.5 in
